("Esor")

REQUEST FOR VOLUNTARY SUSPENSION OF TRADING

Further to the announcement relating to the business rescue filing in respect of Esor Construction Proprietary Limited ("Esor Construction" or "the Company") dated 13 August 2018, shareholders are advised that the Board of Directors of Esor Construction ("the Esor Construction Board") will work together with the business rescue practitioner in order to try and achieve a successful outcome.

While the Esor Construction Board believes that there is reasonable prospect of rescuing the Company, there is a possibility such outcome will not be achieved.

In addition, the effect of the business rescue proceedings instituted at Esor Construction, on Esor Limited, are not known.

Accordingly, Esor has requested the suspension of the listing of its securities on the JSE, as it believes this to be both necessary and in the best interests of its shareholders at this point in time. As such Esor has voluntarily suspended the listing of its securities with immediate effect.
